

Discussion Questions for *The 6 Principles for Exemplary Teaching of English Learners: K–12, Second Edition*

Chapter 6

1. Read one vignette that is closest to your current situation. What did you learn about implementing the 6 Principles from it? What new ideas do you have?
2. If you are a teacher, prepare a lesson plan that reflects the 6 Principles. Describe it to colleagues or share it with them.
3. Share your experiences implementing or learning about the 6 Principles. For example, do you make different instructional decisions for multilingual learners of English now?
4. If you are a teacher educator or professional developer, what can you add to courses or workshops you teach to help teachers implement the 6 Principles more fully?
5. What are some challenges you face in implementing the 6 Principles? Discuss potential steps to overcome them with others in your group.
